

FAASTeam presents:

## **IMC Club Monthly Meeting - Bremerton (Webinar Only)**

IMC Club (Tacoma Narrows-PWT) meets monthly for guided discussions (also known as "hangar talks") focused on real scenarios which call for tough decisions in the real world IFR environment. As we discuss the monthly scenario, we share ideas and safety tips on how best to deal with specific IFR challenges. Our objective: continually improve proficiency in IFR flying for pilots at ALL experience levels. This is a true participative discussion seminar and NOT just another one-sided lecture. This seminar is eligible for WINGS Credit through the FAA Safety Team.

This month we will discuss REALISTIC and SUSTAINABLE New Years resolutions for the next 12 months of our flying - based on recent real world scenarios, including departures and approaches at minimums. We all know how well most of us keep our New Years resolutions.....so let's adjust our Attitude Indicator and Heading, and consider how best to put together OUR personal flying plan for the year - one that will work for US.

Pilots of all skill levels and experience from student pilot to ATP are welcome. IMC clubs are sponsored by EAA, which provides the training resources/scenarios to local coordinators/clubs. This meeting is Webinar Only.

## Event Details

**Sat, Jan 1, 2022 - 09:00 PST**  
**Bremerton Airport Main Terminal**  
**Conference Room**  
8850 Route 3  
Bremerton, WA 98312
